SPONSORED WEBINARS

Connect with clean energy professionals by sponsoring a webinar produced, hosted, and promoted by Intersolar & Energy Storage North America (IESNA). We will coordinate all logistics, leveraging a team of experienced professionals, reliable technology, and an engaged community of solar, storage, and clean energy leaders.

DETAILS

Subject Matter Expert

The webinar presenter or Subject Matter Expert (SME) is the sponsor's choice. The sponsor may utilize an expert within its own organization, a partner, a customer, or consult with Intersolar & Energy Storage North America for help sourcing an SME.

Promotion

Intersolar & Energy Storage North America will market the webinar to its global audience of clean energy professionals via multiple promotional efforts. All efforts will include the sponsor's logo:

- 3 promotional emails to the IESNA database (targeted list available)
- Registration confirmation and post-webinar thank you email
- Registration page on IESNA website
- Prominent display ad on IESNA website
- Sponsor highlighted on social media—three posts per channel
- Sponsor logo included on webinar presentation cover slide

Presentation

The webinar will run for 60 minutes; audience Q&A during the last 10-15 minutes is optional. All registrants will receive an on-demand recording of the webinar via the thank you email. The on-demand webinar will remain on the Intersolar & Energy Storage North America website for 6 months.

Sponsor receives full contact information of registrants—including company, name, phone number, and email—within 3 business days after the webinar concludes.
