CONDITIONS AND REGULATIONS

- 1) DEADLINE DATE: Your order must be received by the Donald E. Stephens Convention Center no later than 15 days before opening day to insure installation in time for the opening of the show. A 50% penalty on basic charges will apply on orders received after the deadline date. Saturdays, Sundays and holidays are not included in this 15 day period.
- 2) Wall, column, and permanent utility outlets are not to be used by the exhibitor and are not part of the booth space.
- 3) All lighting displays, electrical appliances, motors, and other types of electrical equipment must be wired to meet national, state and local codes.
- 4) Motors 3/4 H.P. and over must be equipped with a safety switch as a point of disconnect and overload protection.
- 5) All equipment and material must use 3-wire grounded type cord. All exposed non current carrying metal parts of fixed equipment, which are liable to be energized, shall be grounded.
- 6) Use of open clip sockets, latex or lamp cord wire, duplex or triplex attachment plugs in exhibits are prohibited.
- 7) Claims will not be considered unless filed in writing by the exhibitor by the close of the Exhibition.
- 8) Prices based upon current wage rates, and are subject to change without notice.
- 9) Under no circumstances shall anyone other than house electricians make electrical connections.
- 10) Installing of ball lights, hanging of electrical headers, any other type of electrical fixtures, special wiring (motor or control wiring) etc., must be done by house electricians.
- 11) Electrical power for lights and displays will be turned on 1 hour prior to show opening time, and off at show closing time daily. If power is required before or after, special arrangements must be made at least 2 hours in advance.
- 12) The Chief Electrician has the power to refuse connection where wiring constitutes a fire hazard.
- 13) All material and equipment furnished by the Convention Center of this service order shall remain its property and shall be removed by the Convention Center after the close of the show.
- 14) Rates quoted for all connections cover only the bringing of service (unless otherwise noted) to the booth in the most convenient manner and does not include connecting equipment or special wiring.
- 15) All equipment must be properly tagged and wired with complete information as to type of current, voltage, phase, cycle, horsepower, etc.
- 16) Exhibitors must check in at the electrical service desk before assembling their exhibits requiring electrical power or labor.
- 17) Cancellation or change of electrical requirements could result in a 50% penalty charge. Changes in original order must be submitted in writing.

ELECTRIC SERVICES FOR EXHIBITS AT THE DONALD E. STEPHENS CONVENTION CENTER

Electrical requirements for an exhibit at the Convention Center are based on codes developed by local and national organizations whose professional responsibility is for the safety of all exhibitors and visitors.

Too frequently, fires have been traceable to faulty wiring sometimes because of carelessness and sometimes because of lack of understanding of the risks involved.

In the interest of public safety, every exhibit presented to the Convention Center is carefully inspected to determine if violations exist. If they do, qualified electricians are available to correct the problem. This work will be performed on a time-and-material basis. If the exhibitor does not wish to have the fault corrected, electrical service will not be connected.

If an exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to the Convention Center.

SAFE WIRING IS ESSENTIAL

Donald E. Stephens Convention Center is responsible for the total electrical distribution systems and the linking of all electrical items in an exhibit with the power services of the building.

Serious risks are involved which can be reduced with accurate understanding of basic requirements. Safe wiring inside an exhibit is essential.

Wiring that touches the floor must be "SO" cord which is insulated to qualify for "extra heavy usage." Cord wiring above the floor level can be "SJ" which is rated for "hard usage."

All flexible cords shall be 3-wire unless the cord is a component part of an assembly which is specifically approved.

The use of open clip sign sockets, latex or lamp cord wire in displays, duplex or triplex attachment plugs are prohibited by order of the Rosemont Fire Department and Electrical Inspection Department.

All electrical equipment and wiring requires evidence of testing and approval by a nationally recognized testing laboratory.

Spot or flood lighting is a hazard when lamps are too close to fabrics or other material which may be affected by heat.

The Convention Center electrical services offer extension cords, spiders and plug molds which provide safety approved multiple plug in capacity.

TERMS AND CONDITIONS

- Order forms and payment must be received prior to the scheduled event opening to ensure prompt order processing. Company Checks must be made payable to Rosemont Exposition Services. Personal checks will not be accepted. Booth numbers or locations must be identified on the face of the Internet & Telecommunications Order Form. Incomplete information will delay processing.
- Rates listed for all connections include bringing the service to the booth in the most convenient manner, and do not include computer equipment unless ordered or intranet working cabling. Pricing for services is per location, defined as an individual booth, meeting room, ballroom or lobby area.
- There will be a 100% charge for Rental equipment cancelled 5 days or less prior to the first day of event.
- There will be a 50% charge of the standard rate for Internet and Telecommunications services cancelled after show set-up has begun. No adjustments will be made after show closing.
- Additional service and labor charges may be assessed for installation. Rates include all applicable taxes.
- All material and equipment furnished by RES Telecommunications provider shall remain the property of RES Telecommunications provider and shall be removed only by RES Telecommunications personnel at the close of the show and/or event. Failure to return furnished equipment shall result in a charge equivalent to the replacement cost of the furnished equipment.
- Booths requiring more than 30 ports require private T-1 service.

RES TELECOMMUNICATIONS RESPONSIBILITIES

- RES Telecommunications will provide standard 10/100 Ethernet connections with station adapter connectors to each computer as determined by RES Telecommunications technical staff.
- The client will be issued a valid TCP/IP address for each basic connection.
- The client will be issued appropriate TCP/IP settings for dedicated service.
- Due to the nature of the Internet, RES Telecommunications cannot guarantee any level of security, performance or accessibility beyond our gateway.

CLIENT RESPONSIBILITIES

- At no time, will the client connect a DHCP server to the Convention Center Network.
- The client must provide a list of all required connections, containing exact location (exhibit booth number, meeting room number, etc.).
- If not renting, the client must provide the node equipment (personnel computer, etc.) properly configured, as well as a standard Ethernet adapter card, rated for 10 Mbps, 10/100, RJ45 connection.
- If not renting, the client is responsible for the proper configuration of computing machinery and software for the Internet and Ethernet communications. RES Telecommunications will provide client with basic configurations.
- The client is responsible for all services outside of basic Internet connectivity. This includes e-mail services, ftp services, web servers, etc.

LIMITATION OF LIABILITY

In no event shall RES Telecommunications be liable to the client or to any other party for special, collateral, exemplary, indirect, incidental or consequential damages, whether such damages occur either prior or subsequent to, are alleged as a result of, tortious conduct, failure of the equipment or services of RES Telecommunication or breach of any of the provisions of the agreement, regardless of the form of action, whether in contract or in tort, including strict liability and negligence, even if RES Telecommunications has been advised of the possibility of such damages, or for any damages caused by the clients failure to perform his/her responsibilities. Such excluded damages include, but are not limited to, loss of profits, loss of use or interruption of business, or other consequential or indirect economic loss. RES Telecommunications is not responsible for any Internet security breaches before or beyond our gateway.

TERMS AND CONDITIONS

When ordering labor, please be aware of the following:

- 1) This advance labor request will be considered as only a reservation for labor.
- 2) On the day and time that you require labor, you must go to the Labor Service Desk and pick up and sign out your labor crew.
- 3) The labor crew will not be sent to your booth without being signed out.
- 4) Upon completion of their work, you MUST return the laborers to the Labor Service Desk and sign them in.
- 5) All labor is billed at one-half hour minimum for each man.
- 6) Number of workers required will be determined by labor foreman.
- 7) Straight time is 8:00 am to 4:30 pm weekdays, for Carpenters, Decorators, Teamsters and Riggers, and 8:00 am to 4:00 pm weekdays for electricians and plumbers.
- 8) Please contact RES or see Service Center for a breakdown of the overtime/double time schedules.

State of Illinois legislative changes have modified work rule jurisdictions and wage scale schedules in the Chicagoland area. There are seven major unions that have some jurisdiction in the Chicagoland area. The following guidelines will help you in preparing your exhibit to understand these jurisdictions.

WHAT AN EXHIBITOR CAN DO WITHOUT UNIONS IN THE CHICAGOLAND AREA

Chicagoland work-rules modifications now enable exhibitors to perform several set-up tasks which in the past were under union jurisdiction. Each of these are itemized below, and must be completed by full-time employees of the exhibiting company.

- 1) Exhibitors may set up and dismantle their own booth displays, as well as the various tasks outlined below, provided the work is being done by full time employees of the exhibiting company. No outside workers are permitted to provide set-up and dismantle services unless they are members of a Chicagoland Carpenter Union Local with valid trade show jurisdictions. Proof of employment for exhibiting company shall be required.
- 2) Exhibitors may use hand tools and power tools to perform work within their booths.
- 3) Exhibitors may affix clamp on lights to the top of their booth displays.
- 4) Exhibitors may calibrate and do repair work on internal circuit boards, and do interconnecting of peripheral computer equipment.
- 5) Exhibitors may do the connection of lighting, video equipment and light bulbs to an electrical outlet when the outlet has been ordered by the exhibitor.
- 6) Exhibitors may hang pictures, graphics, logos, etc. onto a backwall display when such items are designed to be affixed by pre-set velcro strips, permanently mounted hooks, or snaps.
- 7) Exhibitors may hand carry small packages, pop up displays and desktop computer equipment provided it can be done without the use of a fork-lift, flat cart or dolly, only from a designated parking area.
- 8) Exhibitors may inflate balloons.
- 9) Video taping may be done by exhibitors within the confines of their own booths using equipment owned or rented by the exhibiting company, provided such taping does not conflict with show management regulations, and does not require tools or ladders.
- 10) Exhibitors may un-pack, re-pack and set out their own product line within the booth for display purposes.

CARPENTERS UNION

Carpenters handle the erection and dismantling of display structure and exhibit booths. This includes all display work with the exception of machinery, signs display graphics or lighted headers, unless the sign or header is a permanently attached part of the display. Carpenters also recreate machines for outbound loading. Millwrights, a division of the carpenters union, handle the assembly and the leveling of machinery, as well as the attachment of all guards and shields.

DECORATORS UNION

Decorators handle the installation of signs, drape background, table skirting, and all other items of decorative nature that must be done after a display background is erected.

ELECTRICAL UNION

Electricians handle all electrical work, which includes supplying power lines to your booth, connecting equipment to the proper outlets, installing any signs or headers that are lighted, unless they are permanently attached to the exhibit backwall, and the running of cable within the exhibitors booth.

MACHINERY MOVERS & RIGGERS UNION

Riggers handle all machinery. This includes the unloading of the machines from the trucks, moving the materials to your booth, and a one-time spotting of display ready equipment, which the exhibitor must supervise at the time of unloading. Riggers also remove skids and reskid machines, uncrate machines, and respot machines in the booth if needed. This service must be ordered as needed, at exhibitor's expense.

PLUMBERS UNION

Plumbers handle all plumbing work such as compressed air, water/drain, or natural gas.

TEAMSTERS UNION

Teamsters handle all freight inside the exhibit hall. They unload all trucks or vehicles, deliver the materials to your booth, and remove and reload materials at the close of the show.

THEATRICAL STAGEHANDS & STAGEHAND UNION

Stagehands assemble portable lighting and sound systems as well as picture screens 10' x 14' in size and larger. They also operate lighting and sound consoles, and hang lighting truss and speaker systems.

PROJECTIONISTS UNION

Projectionists handle all equipment used for projection of images on a screen or surface.
