Join the Maritime Innovation Hub at Pacific Marine Expo

produced in collaboration with

Pacific Marine Expo is the West Coast's largest commercial marine trade show, bringing together thousands of industry professionals to network, do business, and explore the latest innovations. It's the best place to connect with decision-makers and showcase your products.

The Maritime Innovation Hub at Pacific Marine Expo is produced in partnership with Washington Maritime Blue and is the perfect exhibition opportunity for cutting edge companies looking to showcase their products and services. This high-traffic exhibitor pavilion is located next to the WorkBoat West Stage where Maritime Blue will be hosting their expert-led education program. Don't miss this opportunity to get in front of key industry players—secure your spot today!
